EXPERIENCE

Freelancer
MERN Developer

🗓 June 2023 – Ongoing   📍 Ujjain

- Applied responsive design principles to ensure consistent display and functionality across a wide range of devices, including mobile phones, tablets, and desktop computers.
- Developed responsive and dynamic web applications using HTML, CSS, JavaScript, Bootstrap, and jQuery.
- Implemented backend functionalities using Node.js and Express.js.
- Designed and managed databases using MongoDB and SQL.

PROJECTS

Chat application
https://chat-with-friends-react-app.netlify.app/

- Developed in React.js
- The app includes features like bcrypt for password protection, socket.io for real-time communication, and uses of axios, react-toastify, react-icons, emoji-picker-react.
- Contains 3 pages: Login, Registration, Home Page, and 6 Components.

Photography - Website
